

New York

Overview

The most exciting city in the world! New York City is made up of five boroughs, but Manhattan is the one that never sleeps!!! There's no shortage of action: from the bright lights of Broadway and Times Square to some of the most recognisable museums and architectural landmarks in the world. Plus, there are more restaurants and bars in New York than you could visit in a year! Big cities can be lonely places, but the charm of New York and the warmth of the New Yorkers is what welcomes you in and makes you feel like at home. Another great thing about Manhattan is that it is laid out on a simple grid system so you always know where you are and can pretty much walk everywhere. Say what you like, New York, New York is still so good they named it twice!!
